

2010-2011 Polar Bear Grand Prix Series

Co-Hosted by Bishop McGuinness and RJ Reynolds

Attached below you will find information for the inaugural Polar Bear Grand Prix Series. This is a set of Saturday meets at Bishop McGuinness with cumulative results and team scores kept throughout the series. We think that having some local options for Saturdays will help out this year, as UNC is not hosting any Saturday meets. Also, it's a lot easier to get good weather from 12-4 in the afternoon than it is after sundown on a school day! We don't expect to replace the weekday polar bears, but perhaps we can be less dependent on them and provide another option. We hope to make this a competitive series every winter!
